## PENDANT LAMP

The stunning natural beauty event of the Almond trees blooming makes everybody surrender to its calm and fairy tale sensations. The landscape is covered with white and pink flower tones, similar to the snow fall. Falling in love with this peculiar tree, Creativemary designers conceived the Almond II Pendant Lamp to bloom in your décor space.

Highlighting the natural shape of the Almond Tree, the lighting structure is made in brass, reminding us of the tree branches, and the brass shades personify the beautiful flowers along with the details in a matte milky white glass, the delicious almonds. The Almond II Pendant Lamp is equipped with a counterweight placed on the ground, so it's not needed to have a light point on the ceiling. Take in the gracious sight of the almond tree blossoms at home with the nature-inspired Almond II Pendant Lamp.

## SUSPENSION LAMP

The treasures of temperate and warm coastal waters, pearls are created by marine oysters as a natural defense against parasites. The mother-of-pearl can naturally form around almost any irritant that gets inside the shell creating unique and precious pearls. Inspired by this natural process and the jewel created, Creativemary designers conceived the Pearl Suspension Lamp. Suspended by a round brass structure surrounded by leather, the light transcends through the glass spheres that personify the pearls.

Providing both ambient and direct light, the Pearl Suspension Lamp will be the focal point in modern interiors.
